### **January 11 - Ghosts of Gettysburg**

Gettysburg, Pennsylvania – It was the site of the turning point of the American Civil War and ground where tens of thousands of men clashed in the bloodiest conflict ever fought in America. Not surprisingly Gettysburg has long been the setting for strange tales of supernatural activity and is said to be one of the most haunted places in the United States.

The Albany Paranormal Research Society (APRS), a registered Not for Profit corporation with the state of New York and proud member of the TAPS Family searched for the paranormal on the hallowed grounds of Gettysburg. Come and learn some of the history of those three fateful days in July 1863; listen to their personal experiences and also hear EVP audio evidence captured during their adventures.

Do those that clashed from the Blue and the Gray during July 1863 still inhabit Gettysburg 148 years later? Discover for yourself...

### **February 8 - Voices of Salem**

Think you know all the history and lore of the sleepy New England town of Salem, Massachusetts? Are the "Witch City" and its neighboring towns such as Danvers (Old Salem Village) truly haunted?

Members of the Albany Paranormal Research Society (APRS) wanted to find out for themselves so off they went in search of ghostly activity and the real history of the events of 1692. Come and learn where historical events of the Salem Witchcraft Trials really happened and listen to EVP audio evidence captured during their investigation of the area. Are any of these the voices of 1692? You be the judge....

### **March 14 - Ghostly Encounters of the Batcheller Mansion Inn**

Built by the Albany architectural firm of Nichols & Halcott in 1873, the Batcheller Mansion was home to George Sherman Batcheller, a Civil War veteran turned prominent political figure and his family for many years. The home has gone through changes over the years but today has been restored to its original brilliance and sits as the "Crown Jewel" of Saratoga Springs.

With so much history and character, do George Batcheller and his family still roam the halls of their splendid home years later? Tales of supernatural experiences have been shared by the Batcheller Mansion Inn's staff and guests alike.

The Albany Paranormal Research Society was honored to conduct paranormal investigations of the location on two separate occasions. Learn more about the inn and its ghostly encounters; hear the personal experiences of the APRS team and EVP evidence captured during their investigations and experience for yourself the welcoming atmosphere of the historical and regal Batcheller Mansion Inn.
